

HON 3002 : Honors Research

0-3 Credit Hours

Prerequisite: Admission to the Undergraduate Honors Program This courses enables Honors students to earn course credit and gain hands-on experience by assisting a professor with his or her research. Students work one-on-one within their major field or within a closely related field doing primary and/or secondary research for a research project conducted by the instructor. Both the student and the instructor are expected to present their findings to members of the campus community at the end of the semester.
