

FALL 2017 HONORS COURSES

Distinctions of KSU Honors Courses:

- Open only to University Honors Program and Dual Enrollment Honors Program students
- Taught by members of the Honors Faculty
- Smaller class sizes than other sections of the same course
- High academic expectations, but similar workload & number of assignments as non-honors sections. Focus is on quality, not quantity – no busy-work overload!
- Opportunities for interaction with similarly motivated students
- Designated as Honors courses on your KSU transcript

- **The CRNs (course registration number) listed here are for use by University Honors Program students only. Non-honors students and DEHP students who attempt to use these CRNs will find that the class appears to be full.**
- **Dual Enrollment (DEHP)** students receive a handout with distinct CRNs at their advising session and should refer to this handout to find the CRN they should use for registration.
- Seats in honors classes are offered on a “first come, first served” basis.
- Rarely, low enrollment in an honors section may necessitate reclassifying the section as a regular section and opening enrolment to non-Honors students.

KENNESAW CAMPUS COURSES

Students may take honors classes on either campus. However, if you are commuting between campuses, we recommend allowing at least 45 minutes to drive between campuses and park.

Arts Honors Section

MUSI 1107 – Arts in Society: Music (Honors Music Appreciation)

This course examines the role of music in society through a study of musical works within their cultural and historical contexts. Course assignments develop skills in critical analysis and global perspectives as well as an understanding of the creative process. Required attendance at live performances provides the experiential component crucial to the understanding and enjoyment of music. Some events may require paid admission. An arts appreciation course is required in the core curriculum at KSU and many other colleges.

- **MUSI 1107/H1**
M, W, F 11:00 a.m. - 11:50 a.m.

Instructor: Dr. Edward Eanes
UHP CRN: 85426

KENNESAW CAMPUS COURSES

English Honors Sections

Honors sections of English 1101 and 1102 focus on effective writing in a variety of contexts. They require the same number of essays as regular sections, but emphasize a more intensive peer-review process, greater depth of discussion of composition topics, and the opportunity for close interaction with other honors students, as well as the Honors instructor. Class size is limited to 18 students.

KENNESAW CAMPUS COURSES

ENGL 2112 – Honors World Literature – Mid 1600's to present

Prereq: ENGL 1102 or score of “5” in AP Language or Literature. English 2112 is a survey of important works of world literature from the mid-seventeenth century to the present. This Honors section emphasizes works that represent the world of the last one hundred years from different geographical vantage points such as Egypt, India, China, and Colombia. Many of the works deal directly or indirectly with important historical events including the two world wars and national struggles for independence and self-government—events that have played a major role in making our world what it is today. An important focus of discussion will be the relation between literature and history. The Honors section requires active participation through class discussions and written assignments. Grading criteria will stress the quality of thought appropriate to high-ability students.

- **ENGL 2112/H1**
M, W 11:00 a.m. – 12:15 p.m.
Instructor: Dr. Julia Morrissey
UHP CRN: 81835

Mathematics Honors Sections

*All students interested in KSU Math courses must have taken KSU's online Math Placement Test (MAPT) at <http://placement.kennesaw.edu/> to determine the level of college math most appropriate for you. **You will not be approved to take KSU math courses without MAPT results.***

MATH 1190 - Honors Calculus

Prereq: C or better in MATH 1112 or 1113 or AP Calc AB score of 3 or qualifying MAPT score. In addition to standard assignments, Honors Calculus requires applied homework problems that will deepen the understanding of mathematical concepts. Note: Calculus is a 4-credit course that meets for a longer class period than 3-credit courses.

- **MATH 1190/H01**
T, Th 12:00 p.m. – 1:45 p.m.
Instructor: Douglass Morris
UHP CRN: 82839

Science Honors Sections

BIOL 1107 – Honors Biological Principles

Prereq (recommended to be completed first) or Coreq: CHEM 1211 and CHEM 1211L

In Principles of Biology I, you will learn about the fundamental principles governing living things. You will examine the different biological molecules, the biology of the cell and how it functions, and how genes determine heredity and inform evolutionary principles. This course incorporates real-world problems into the discussion, including case studies, analysis of how drugs work, data analysis, and hands-on practice with the scientific procedures associated with these topics. This course will teach you how to "think like a scientist" and apply biological knowledge to issues facing the world today. *Students must also enroll in the 1-credit BIOL 1107L – Biology I Lab. Students may choose from any lab class; there is not a special honors section of the lab.*

- **BIOL 1107/H1**
T, Th 9:30 a.m. – 10:45 a.m.
Instructor: Dr. Jennifer Louten
UHP CRN: 84023

KENNESAW CAMPUS COURSES

CHEM 1211 – Honors General Chemistry I

Coreq: MATH 1113 or MATH 1112 or MATH 1190

Honors Chemistry I, CHEM 1211H, will use POGIL (Process Oriented Guided Inquiry Learning) to actively engage students in the classroom. Students will work in self-managed teams and develop process skills such as teamwork, oral and written communication, management, information processing, critical thinking, problem solving and assessment. Teams will analyze information (explore), discuss ideas, formulate models (concept invention) and solve problems (application). Each POGIL exercise will be facilitated by the instructor. Results from classrooms using POGIL are higher grades and lower withdrawals from the course. *Students must also enroll in the 1-credit CHEM 1211L - Chemistry I Lab. Students may choose from any lab class; there is not a special honors section of the lab.*

- CHEM 1211/H1
T, Th 11:00 a.m. – 12:15 p.m.
Instructor: Dr. Marina Koether
UHP CRN: 83808

Economics Honors Sections

ECON 2100-Microeconomics

Prereq: completion of a math course at KSU or testing into MATH 1112 or higher on the MAPT. ECON 2100 covers analysis of price and output determination under various market structures, income distribution, resource allocation, domestic problems and international trade. This course is required for Business majors and International Affairs majors, and will satisfy a KSU core curriculum requirement.

- ECON 2100/H1
M, W 11:00 a.m. – 12:15 p.m.
Instructor: Michael Patrono
UHP CRN: 84344
- ECON 2100/H2
T, Th 2:00 p.m. – 3:15 p.m.
Instructor: Dr. Jesse Schwartz
DEHP CRN: 84347

Social Science Honors Sections

ANTH 1102 – Introduction to Anthropology

This course is an introduction to anthropology's four major subfields: biological anthropology, archeology, cultural anthropology, and linguistics. Anthropology satisfies a core social science requirement at KSU and many other institutions.

- ANTH 1102/H1
T, Th 3:30 p.m. – 4:45 p.m.
Instructor: Teresa Raczek
UHP CRN: 82214

- **POLS 1101/H4**
M, W 6:30 p.m. – 7:45 p.m.

Instructor: Cynthia Michota
UHP CRN: 80934

RELS 1102 – Honors Understanding Religious Studies

This course is an interdisciplinary field that draws from many different academic and disciplinary approaches to understand, appreciate, compare, contrast and learn from the world's religions, their practices and beliefs, their people and their power. This course surveys and explores the dichotomies and many issues surrounding and arising from religion in the world in order to enable students to engage in conversations critically, informatively, and dispassionately on the subject of world religion.

- **RELS 1102/H1**
M, W 3:30 p.m. – 4:45 p.m.

Instructor: Tom Pynn
UHP CRN: 85199

Wellness Honors Sections

WELL 1000 – Honors Foundation for Healthy Living

WELL 1000 is a three-credit course designed to examine priority health issues impacting KSU students through a focus on health promotion and disease prevention. Emphasis is placed on achieving and maintaining healthy lifestyles by developing effective strategies to adapt to changing personal and environmental factors. Topics of exploration include physical activity, nutrition, weight management, stress, emotional health, and behaviors that contribute to the leading causes of death and disabilities in the United States. ***The Honors section is limited to 25 students and is taught in the Physiology Lab, allowing students to engage in a range of interactive assessments and activities not available to non-honors students.***

- **WELL 1000/H01**
M, W 12:30 p.m. – 1:45 p.m.

Instructor: Mia Oberlton

First-Year Seminar Honors Sections

KSU 1101 – Honors First-Year Seminar

New Honors Program students with less than 15 college credits are required to enroll in an honors section of KSU 1101. This course satisfies the First-Year Curriculum Requirement that applies to all KSU students. Students with 15-29 college credits or more through transfer credit, AP, IB or dual enrollment may opt to enroll in an honors section of KSU 1101, but are not required to do so. Students bringing in 30 or more credits are exempted from the requirement and are not permitted to enroll in KSU 1101.

This first-year seminar meets the learning objectives for KSU 1101 first-year seminars. It also provides students with an understanding of the eight foundations of Honors learning. Students will be guided to resources and tools to help them understand and actively pursue available Honors designations in order to maximize their Honors education experiences.

- **KSU 1101/H1**
