HOW DO I REMAIN IN GOOD STANDING WITH KSU JOURNEY HONORS COLLEGE?

To remain in good standing with KSU Journey Honors College, students should maintain a 3.25 GPA and complete one Honors Learning Experience each semester (excluding summer). *Students in special Honors cohort programs (PEGS or Great Books) may have different requirements for remaining in good standing.

ARE THERE ANY REQUIRED COURSES I MUST TAKE AS AN HONORS STUDENT?

KSU Journey Honors College offers students a flexible curriculum that does not add time or cost to degree. This approach allows students to choose the Honors Learning Experiences (HLE) that they're interested in, and also the ones that build an exceptional portfolio of academic experiences. There is only one course that all newly admitted Honors students must take: Introduction to Honors (HON 1100).

DO HONORS COURSES COST MORE AND WHAT'S THE DIFFERENCE?

There is no additional cost to take Honors courses. What primarily distinguishes Honors courses from regular KSU courses is the small class size. Honors courses are typically capped at 25 students. Due to the small class size, these courses are discussion-based and seminar style.

WHAT IS AN HONORS DESIGNATION?

An Honors Designation is what is earned at Commencement if the student completes the required number of Honors Learning Experiences. Students entering KSU with less than 45 credit hours are placed in the Honors Research Scholar or Honors Scholar track. If you have been accepted to KSU Journey Honors College with 45-60 earned credit hours, you are placed automatically in the Honors in the Major track based on your anticipated time to degree.

WHAT ARE THE VARIOUS HONORS LEARNING EXPERIENCE OPTIONS?

Our flexible Honors curriculum allows you to customize your experience through a variety of opportunities offered each semester. You can find a description of each Honors Learning Experience by clicking here.

HOW WILL I KNOW WHICH HONORS LEARNING EXPERIENCES WORK WITH MY MAJOR?

Honors students are required to meet with an Honors advisor each semester (excluding summer). During this appointment, you will learn about the various opportunities available in the coming semesters.
